support**

Academic Year 2025-2026

Saint George Home School Community Learning Center is pleased to facilitate another year of Charlotte Mason-inspired learning! Our mission is to provide affordable and specialized tutoring services in a nurturing Orthodox Christian environment. We serve homeschooling families with children grades K-8. Our students participate in small mixed-age learning groups, where they are given the opportunity to progress at their own pace. Our tutors work with the strengths of each child on an individual basis and help identify areas where they need support. We recognize parents as the primary educators of their children, with the Learning Center as a partner in this endeavor. Our focus is on a "living" education and the formation of the individual person through relationship and exposure to what is good, beautiful, and true. In addition, homeschooling families benefit from the balance and reinforcement that the Learning Center provides to their educational time in the home.

Location and Schedule

The Learning Center is housed at St. George Greek Orthodox Church in Eugene. We operate one full day per week on Tuesdays from 9 am - 3 pm.

If you are a prospective family and would like a tour of the Learning Center, please email us at hsclc@stgeorgeor.org.

Curriculum and Approach

Our approach to learning is inspired by the work of Charlotte Mason, a 19th century British educator, as well as by classical education. Central to both philosophies is the truth that a child is a person created in the image of God, and therefore capable of becoming Christ-like and deserving of a nurturing education that will allow this to take place. An education like this emphasizes the great and beautiful works of literature, history, art, and science, as well as the rhythms of the natural world and the liturgical cycles of the Orthodox Church.

Our core curriculum is *A Gentle Feast*, a Charlotte Mason program for all ages which integrates the subjects of history, literature, science, art, and geography through different historical periods. We supplement this program as needed with other literature-based curricula. Our Pre-Form (Kindergarten) program also utilizes Montessori-inspired methods and materials.

As students reach middle-school age, our program deepens our use of the Charlotte Mason philosophy by focusing on the science of relations. This allows students to develop their ability to make connections with their previous learning and to apply that knowledge to the world around them. Above all, our desire is to foster the growth of wisdom, a lifelong pursuit of learning, and thoughtful engagement with the world.

How to Apply

If you feel this program may be right for your family, please email us at hsclc@stgeorgeor.org. We will provide you with an application, as well as answer any questions you might have. You may submit your application via email to the above address, or by mail to our address at:

202 Hillview #1, Eugene OR 97408
